SEGES

A man in a blue shirt and cap stands in a lush green field, looking towards a herd of cows grazing in the distance. The scene is set against a clear blue sky and a line of trees in the background. A semi-transparent teal banner is overlaid on the middle of the image.

Forskel i proteinindhold

Erfaringer

Køerne selekterer tilsyneladende efter proteinrige letfordøjelige plantedele (samme tendenser i 2020 og 2021)

Det er svært at estimere næringsstofværdien (protein, sukker, FK og stof) af det optagne græs.
